Megasealed™

SHOWER, KITCHEN AND LAUNDRY SEALANT

Megasealed

With the development of a unique 'super sealant' product in 1996 called Megasealed, there was finally a way to stop leaking showers without the need to remove tiles. Megasealed is an in-house developed product comprehensively laboratory tested, and exclusive to Megasealed Bathrooms for application by Megasealed trained and accredited technicians only.

Megasealed is a two-part Epoxy system that provides a reliable, resistant and high performance system to stop and prevent the leaking of showers, baths, kitchens and laundries.

Benefits of Megasealed

- ✓ Megasealed surfaces are anti-fungal, water and grease resistant making your bathroom easier to clean
- ✓ No need to remove tiles saving you time, money and hassle
- ✓ Only takes around 3-4 hours for the standard service - your shower can be used the next day
- ✓ Will not peel off like other sealants
- ✓ You can choose from a selection of Megasealed colours
- ✓ Minimal smell and mess during application
- ✓ Adjoining areas are not affected or inconvenienced
- ✓ 25 year written product warranty

- White
- Cream
- Beige
- Cement off white
- Light grey
- Mid grey
- Cement grey
