Megasealed™

BALCONY, KITCHEN AND BATHROOM EPOXY SEALANT

MegagROUT MG14

New to the market in 2014, MegagROUT MG14 is a unique two-part Epoxy system exclusive to Megasealed that makes it possible to stop leaking showers and balconies without the need to remove tiles. MG14 was engineered especially for leaking balconies for its lasting strength against weather, chemicals and water over time, and effective for both interior and exterior applications.

MG14 is suitable for balconies, bathrooms, kitchens, laundries and all tiled areas including commercial kitchens.
